Youth Missionary's Name _____

Sponsor's Name _____

Check if family or relative of missionary

Sponsor's Address _____

City _____ State _____ Zip Code _____

Donation Amount: _____

What hopes do you have for your sponsored missionary this summer?

Suggested Donations

Here is a list of a few of the expenses we have had over the years and how your donations can help us in our work this year.

It cost about \$16/bundle for roofing shingles and most homes in Harlan take 30 bundles, or about \$480.

The lunch for our missionaries on the work site consists of two PB&J sandwiches, fruit, chips and drinks, costing about \$4 each. We will have over 40 missionaries this year, so one lunch will cost over \$160 each day or \$800 for the work week.

Each time we stop for gas our vans drink deeply, about \$75, and we have 4 vans going this year, about \$300 per stop.

We pay the wages of our carpenters/foremen/friends on the work site. They are paid about \$12/hour. You can pay a days wages for one of them for \$96. A missionary works about 50 hours a week. Would you sponsor your missionary for \$0.25/hour, 0.50/hour, or even \$1.00/per hour?

It cost about \$600 to transport, feed, house, equip and supply materials at the work site for one missionary team member for our ten day trip. More than 40 missionaries will be going to Harlan, KY this year, God willing.
